Grand Lamb Mixer DX

–High Performance Lamb Supplement

Honor® Show Chow® Grand Lamb Mixer DX concentrate is a blended supplement containing a nutritious pellet (containing soybean meal and linseed meal) and steam rolled barley that can be mixed with corn, oats and molasses to make “custom” high quality show lamb diets. This flexible feed allows you to adjust the grain level to fit your needs for breeding ewes, growing lambs or finishing lambs.

FEATURES	BENEFITS
Fully fortified with all essential vitamins and minerals	For excellent muscle growth and body condition
Steam rolled barley	Barley already included, just mix with corn and oats to make “custom” rations.
Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources	Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and helps increase muscle deposition
Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources	Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and increases muscle deposition.
 Diamond V YEAST CULTURE Confidence at the gut level™	A true, fully fermented yeast culture developed specifically for optimum animal nutrition. Research proven, Diamond V has a unique ability to enhance ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal’s digestive bacteria.
	Research has shown that TASCOS® helps lower body temperature during heat stress – helping keep animals on feed.
Added Ammonium Chloride	To help reduce incidence of urinary calculi (water belly) and maintain normal urinary tract health
Medicated with Deccox® (decoquinate)	For the prevention of coccidiosis
	Helps improve hoof health and immune function; critical for traveling show lambs

**Medicated for further manufacturing of Honor® Show Chow® Showlamb Grower DX.
For the prevention of coccidiosis in young sheep caused by Eimeria bakuensis and
Eimeria crandallis, Eimeria ovinoidalis and Eimeria parva.**

Caution: Use as directed. For sheep only.

Active Drug Ingredient: Decoquinatate (45.3 g/ton)

FEEDING DIRECTIONS

Mix Honor® Show Chow® Grand Lamb Mixer DX 40.35 at 750 lb per ton with other non-medicated ingredients to manufacture Honor® Show Chow® Showlamb Grower DX Textured, which contains 15.16 g decoquinatate per ton. (See below mixing directions.)
Feed at least 28 days during periods of exposure to coccidiosis or when it is likely to be a hazard.

Mix HONOR® SHOW CHOW® GRAND LAMB MIXER according to the following directions:

Crude Protein	20%	18%	17%
Honor® Show Chow® Grand Lamb Mixer	950	800	700
Corn	750	900	700
Oats	200	200	500
Molasses	100	100	100
Total	2000	2000	2000
Deccox (grams/ton)	21.5	18.1	15.9

Caution:

Do not use in feeds containing bentonite.

Warning:

Do not feed to sheep producing milk for food.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
