DIRECTIONS FOR USE

HIGH OCTANE® Power Fuel® is an advanced, high-energy supplement for all classes of animals being fed and fitted for show. Gradually blend HIGH OCTANE® Power Fuel® with the current ration over a period of 10–14 days until the desired feeding rate is achieved. HIGH OCTANE® Power Fuel® is designed to be fed as a topdress to supply additional energy.

Daily amount (ounces):

Lambs: 4 to 8 Goats: 4 to 8 Swine: 8 to 32 Cattle: 8 to 32 Poultry: 8 per 10 lbs feed

CONTAINS:

Zinpro provides highly available minerals in proprietary ratios that help immune response and hoof health, which are critical for healthy traveling show animals.

Research has shown that **TASCO**® helps lower body temperature during heat stress – keeping animals on feed.

Diamond V® Yeast Culture is a true, full fermented yeast culture developed specifically for optimum nutrition. Research proven, **Diamond V**® Yeast Culture has the unique ability to enhance ration digestibility, palatability and intake by delivering a rich all-natural nutrient source to the animal's digestive bacteria.
